nhidev.netlify.com

With a strong technical skill-set, attention to detail, and 4+ years of experience, I want to work as a front-end web developer where I could create digital magic and elevate user experience to the next level.

## Experience

REDWEB

Front-end Developer

09/2017 - 06/2018  
redweb.vn

- Create, modify websites using Joomla CMS and our ecommerce platform.
- Upgrade client sites (Ecommerce platform, Joomla CMS).
- Fix front end related bugs that were identified in QA, beta and production environments.
- Attend wire frame review, design and html code walkthrough meetings.

1PAC

Front-end Developer

08/2016 - 07/2017  
1pac.vn

- Develop HTML/CSS templates from Photoshop visual design and wireframes.
- Refactor code and delivering products with high quality, write code that runs cross browsers.
- Research trending technologies and apply it to real production.

CANON LE BAO MINH

Web Developer

05/2014 - 07/2016  
lebaominh.vn

- Create, modify websites using WordPress CMS.
- Used jquery to build accordion style content, drag and drop functionality, calendar, popup and modal windows
- Cross-browser compatible by writing W3C validated Semantic XHTML.
- Responsible for solving page layout issues.
- Monitored the web analysis reports to view the performance of the company websites.
